

**МЕЖРЕГИОНАЛЬНАЯ АССОЦИАЦИЯ
 ПО КЛИНИЧЕСКОЙ МИКРОБИОЛОГИИ И АНТИМИКРОБНОЙ ХИМИОТЕРАПИИ**
INTERREGIONAL ASSOCIATION FOR CLINICAL MICROBIOLOGY AND ANTIMICROBIAL CHEMOTHERAPY

XVI International Congress of IACMAC/ESCMID «Antimicrobial Therapy»

Moscow, 21-23 May 2014

Preliminary programme

21 May 2014, Wednesday

09.00-17.00	<i>Registration</i>	
<i>Discussion club «Can we predict emergence and dissemination of antibiotic resistance?»</i>		
<i>Co-chairs: A. Kolbin, K. Severinov, A. Firsov</i>		
09.00-09.30	Adaptive immunity in bacteria: mechanisms and role in development of antibiotic resistance	K. Severinov (Russia)
09.30-10.00	Role of pharmacokinetics and pharmacodynamics in prediction of antibiotic resistance development	A. Firsov (Russia)
10.00-10.30	Mathematical models based on analysis of antibiotic consumption for prediction of resistance	A. Kolbin (Russia)
10.30-11.00	Molecular epidemiology and prediction of antibiotic resistance: why can't we make the universal model?	M. Edelstein (Russia)
11.00-11.15	<i>Discussion</i>	
11.15-11.30	<i>Coffee break</i>	
<i>Symposium «Bacteria and fungi as the causative agents of infections: from multicenter studies to a concrete patient»</i>		
<i>Co-chairs: N. Klimko, R. Kozlov, N. Khachatryan</i>		
11.30-11.55	Antibiotic resistance of agents causing intra-abdominal infections	R. Kozlov (Russia)
11.55-12.20	Ordinary extraordinary mycoses: results of "KRIT" multicenter study	N. Klimko (Russia)
12.20-12.45	Secondary peritonitis: therapy in the examples of clinical cases	N. Khachatryan (Russia)
12.45-13.10	Difficult patient in ICU	V. Gusarov (Russia)
13.10-13.20	<i>Discussion</i>	
13.20-13.50	<i>Coffee break</i>	

21 May 2014, Wednesday

<i>Symposium «Antibiotic therapy in pediatrics»</i>		
<i>Co-chairs: R. Dagan, S. Zyryanov, A. Prodeus</i>		
13.50-14.20	Acute otitis media: is etiology important?	R. Dagan (Israel)
14.20-14.50	Allergic reactions to antibiotics in children: who is to blame and what to do?	I. Andreyeva (Russia)
14.50-15.20	Frequently ill children – why are they ill so often?	A. Prodeus (Russia)
15.20-15.50	Choice of antibiotic in pediatrics – what can and cannot be used?	S. Zyryanov (Russia)
15.50-16.00	<i>Discussion</i>	
16.00-16.10	<i>Coffee break</i>	
<i>Plenary Session I</i>		
<i>Co-chairs: G. Cornaglia, D. Ruzanov, Ye. Karakulina</i>		
16.10-16.40	Clinical microbiology of XXI century: what is new?	G. Cornaglia (Italy)
16.40-17.10	Generic vs. original drug – must there stay only one?	D. Ruzanov (Belarus)
17.10-17.25	<i>Discussion</i>	
17.25	<i>Opening of the Congress</i>	
17.30	<i>Welcome cocktail</i>	

22 May 2014, Thursday

09.00-17.00	<i>Registration</i>	
<i>Symposium «Sepsis and bloodstream infections»</i>		
<i>Co-chairs: I. Aleksandrova, A. Dekhnich, P. Murray</i>		
09.00-09.30	Molecular and non-molecular methods in diagnostics of bloodstream infections	P. Murray (USA)
09.30-10.00	Treatment of patients with neonatal sepsis	S. Esposito (Italy)
10.00-10.30	Therapy of infective endocarditis caused by poly-resistant and extremely-resistant bacteria	D. Popov (Russia)
10.30-11.00	Staphylococcal bacteremia: monotherapy or combination therapy?	A. Dekhnich (Russia)
11.00-11.10	<i>Discussion</i>	
11.10-11.25	<i>Coffee break</i>	
<i>Plenary Session II</i>		
<i>Co-chairs: N. Zubareva, O. Stetsyuk, G. Shipulin</i>		
11.25-11.55	New drugs for treatment of hepatitis C: breakthrough or a hope for a breakthrough?	M. Poljak (Slovenia)
11.55-12.25	Fungal infections in patients with febrile neutropenia	C. Lass-Floerl (Austria)
12.25-12.55	Molecular diagnostics of infections: modern possibilities of application	G. Shipulin (Russia)
12.55-13.25	Antibiotics and immune system	O. Stetsyuk (Russia)
13.25-13.35	<i>Discussion</i>	
13.35-14.00	<i>Coffee break</i>	
<i>Symposium «Respiratory tract infections in the hospital»</i>		
<i>Co-chairs: S. Rachina, V. Rudnov, A. Sinopalnikov</i>		
14.00-14.30	Severe community-acquired pneumonia: can we treat better?	A. Sinopalnikov (Russia)
14.30-15.00	Antimicrobial therapy of community-acquired lower respiratory tract infections: a view of clinical pharmacologist	S. Rachina (Russia)
15.00-15.30	Is there an optimal algorithm for treatment of patients with nosocomial pneumonia?	V. Rudnov (Russia)
15.30-16.00	Prevention of nosocomial pneumonia: evidence-based approaches	V. Kulabukhov (Russia)
16.00-16.10	<i>Discussion</i>	
16.10-16.20	<i>Coffee break</i>	

22 May 2014, Thursday

<i>Discussion club «Bacteriophages in therapy and prevention of infections»</i>		
<i>Co-chairs: V. Akimkin, A. Popova, D. Tapalskiy</i>		
16.20-16.50	Bacteriophages: history of study and use	V. Akimkin (Russia)
16.50-17.20	Bacteriophages: genetic diversity	A. Popova (Russia)
17.20-17.50	Key issues of phage therapy	D. Tapalskiy (Belarus)
17.50-18.00	<i>Discussion</i>	
18.00-18.10	<i>Coffee break</i>	
<i>Expert meeting «Russian national multicenter studies of antibiotic resistance of pathogens causing infections in hospitalized patients: horizons of future actions»</i>		
18.10-18.25	Gram-positive infections: what is new?	A. Dekhnich (Russia)
18.25-18.40	Gram-negative infections: waiting for the inevitable	M. Edelstein (Russia)
18.40-18.55	Russian realities of antimicrobial use in hospitalized patients	S. Rachina (Russia)
18.55-19.10	“MARAFON” study in questions and answers	M. Sukhorukova (Russia)

23 May 2014, Friday

09.00-15.00	<i>Registration</i>	
<i>Plenary Session III</i>		
<i>Co-chairs: Ye. Yeliseyeva, T. Perepanova, D. Sarksyian</i>		
09.00-09.30	Issues of use of antimicrobials: from fundamental studies to regulatory documents	Ye. Yeliseyeva (Russia)
09.30-10.00	“New” tick-borne borrelioses: diagnostics and epidemiology	A. Platonov (Russia) D. Sarksyian (Russia)
10.00-10.30	Updated Russian national guidelines on treatment and prevention of kidney, urinary tract and male reproductive system infections (2014)	T. Perepanova (Russia)
10.30-11.00	Significant and non-significant microorganisms causing sexually transmitted infections	S. Sekhin (Russia)
11.00-11.10	<i>Discussion</i>	
11.10-11.25	<i>Coffee break</i>	
<i>Plenary Session IV</i>		
<i>Co-chairs: A. Veselov, G. Reshedko, L. Sinyakova</i>		
11.25-11.55	New antimycotics: current data and perspectives of future clinical use	A. Veselov (Russia)
11.55-12.25	Methodological approaches to evaluate antibiotic consumption in the hospital	Yu. Belkova (Russia)
12.25-12.55	New antimicrobials: what awaits us in the nearest future?	G. Reshedko (Russia)
12.55-13.25	Possibilities of fluoroquinolone usage in urological practice in the era of increasing antimicrobial resistance	L. Sinyakova (Russia)
13.25-13.35	<i>Discussion</i>	
<i>Symposium «Etiology, epidemiology, diagnostics and treatment of infections – local data»</i>		
<i>Co-chairs: A. Dekhnich, R. Kozlov, M. Edelstein</i>		
13.35-14.35	In this symposium oral presentation speakers will be scheduled on the basis of best abstracts sent for the Congress selected by the Scientific Committee	
14.35	<i>Closing of the Congress</i>	
<i>Expert meeting «Draft of the guidelines for standardized antimicrobial susceptibility testing of microorganisms»</i>		
14.50-15.00	Perspectives of implementation of new guidelines for antimicrobial susceptibility testing of microorganisms in Russia	I. Tartakovskiy (Russia)
15.00-15.10	Basic principles of development and presumed evolution of new guidelines for antimicrobial susceptibility testing of microorganisms in Russia	R. Kozlov (Russia)
15.10-15.40	Methodology of antibiotic susceptibility testing of bacteria	S. Sidorenko (Russia)
15.40-16.10	Gram-positive pathogens	A. Dekhnich (Russia)
16.10-16.40	Gram-negative pathogens	M. Edelstein (Russia)
16.40-17.10	Phenotypic and molecular tests for detection of certain mechanisms of antibiotic resistance in bacteria	M. Sukhorukova (Russia)
