

**3rd Ural Conference on Antimicrobial Therapy and Clinical Microbiology
March 22-23, 2018, Chelyabinsk**

SCIENTIFIC PROGRAM

March 22 (Thursday)

Symposium: «Infections caused by multidrug-resistant, extremely drug-resistant, and pan-resistant bacteria»		
<i>Co-chairs: L.A. Gabbasova, R.S. Kozlov, O.V. Pribytkova</i>		
09.00-09.15	<i>Welcoming speech</i>	
09.15-09.45	Antimicrobial resistance: ways to solve the problem at the national and global levels	L.A. Gabbasova (Russia)
09.45-10.15	Antimicrobial resistance in the Russian Federation: general trends and local traits	M.V. Edelstein (Russia)
10.15-10.45	Carbapenems, tigecycline, fosfomycin, polymyxins: how to use these drugs correctly?	A.V. Dekhnich (Russia)
10.45-11.15	Therapy of difficult-to-treat infections (the real clinical cases)	O.V. Pribytkova (Russia)
11.15-11.45	The novel promising antimicrobial agents	R.S. Kozlov (Russia)
11.45-12.00	<i>Discussion</i>	
12.00-12.15	<i>Coffee break</i>	

Symposium: «Surgical infections»		
<i>Co-chairs: A.V. Golub, N.N. Klimko, S.A. Radchenko</i>		
12.15-12.45	Topical treatment of infected wounds: how to make an appropriate choice?	V.V. Privolnev (Russia)
12.45-13.15	Secondary peritonitis: is it time to revise approaches to empiric antimicrobial therapy?	A.V. Golub (Russia)
13.15-13.45	Surgical skin and soft tissue infections: patient care and risk factors for MRSA	S.A. Radchenko (Russia)
13.45-14.15	Antifungal agents in surgical practice: therapy, prophylaxis, and unreasonable administration examples	N.N. Klimko (Russia)
14.15-14.30	<i>Discussion</i>	
14.30-15.00	<i>Coffee break</i>	

Symposium: «Particular issues of antimicrobial use»		
<i>Co-chairs: I.V. Andreeva, A.V. Veselov, D.V. Tapalsky</i>		
15.00-15.30	Topical antibiotics and antimicrobial coating in trauma and orthopedic surgery	D.V. Tapalsky (Belarus)
15.30-16.00	Echinocandins as a first-line therapy of invasive candidiasis	A.V. Veselov (Russia)
16.00-16.30	Prevention and treatment of infections in travellers	I.V. Andreeva (Russia)

16.30-17.00	Inhalation antibiotics in the treatment of hospital-acquired pneumonia	G.K. Reshedko (Russia)
17.00-17.15	<i>Discussion</i>	

March 23 (Friday)

Symposium: «Ways to optimize antibiotic use»		
<i>Co-chairs: B.Z. Belotzerkovsky, S.K. Zyryanov, T.M. Shirokova</i>		
09.00-09.30	Prevention and treatment of neonatal sepsis	T.M. Shirokova (Russia)
09.30-10.00	Pharmacokinetics and pharmacodynamics of antibiotics: factors we should consider	S.K. Zyryanov (Russia)
10.00-10.45	Therapy of lower urinary tract infections: clinical guidelines and real practice	G. Cornaglia (Italy)
10.45-11.15	Systemic antibacterial therapy of nosocomial pneumonia: how to maximize efficacy?	B.Z. Belotzerkovsky (Russia)
11.15-11.30	<i>Discussion</i>	
11.30-12.00	<i>Coffee break</i>	

Symposium: «Community-acquired respiratory tract infections»		
<i>Co-chairs: G.L. Ignatova, A.I. Sinopalnikov, O.U. Stetsiuk</i>		
12.00-12.30	Novel national clinical guidelines on the management of adult patients with community-acquired pneumonia	A.I. Sinopalnikov (Russia)
12.30-13.00	β -lactams, macrolides, quinolones... What's better?	O.U. Stetsiuk (Russia)
13.00-13.30	Impact of pneumococcal vaccination on the epidemiology of respiratory tract infections	G.L. Ignatova (Russia)
13.30-14.00	Ways to optimize antimicrobial use in COPD	S.A. Ratchina (Russia)
14.00-14.15	<i>Discussion</i>	
14.15-14.45	<i>Coffee break</i>	

Symposium: «Infections in ICU patients»		
<i>Co-chairs: O.N. Ershova, V.V. Kulabukhov, V.A. Rudnov</i>		
14.45-15.15	Infection control in ICU	O.N. Ershova (Russia)
15.15-15.45	Tertiary peritonitis	N.A. Zubareva (Russia)
15.45-16.15	Sepsis in the Russian Federation: specific practical recommendations	V.A. Rudnov (Russia)
16.15-16.45	Potential and limitations of antibacterial therapy of life-threatening infections in ICU patients	V.V. Kulabukhov (Russia)
16.45-17.00	<i>Discussion</i>
