

VI South-Russian Conference on Antimicrobial Therapy

October 25-26, 2018, Stavropol

SCIENTIFIC PROGRAM

October 25 (Thursday)

Symposium: «Antimicrobial therapy of infections caused by multidrug-resistant, extremely drug-resistant, and pan-resistant bacteria»		
<i>Co-chairs: E.V. Alieva, S.K. Zyryanov, R.S. Kozlov</i>		
09.00-09.15	<i>Welcoming speech</i>	
09.15-09.40	Antimicrobial resistance is what every healthcare provider must know	R.S. Kozlov (Russia)
09.40-10.05	Changes in antimicrobial resistance in the Russian Federation: conclusions and forecast	M.V. Edelstein (Russia)
10.05-10.30	Antimicrobial therapy of difficult-to-treat Gram-negative infections	S.K. Zyryanov (Russia)
10.30-10.55	Antimicrobial therapy of difficult-to-treat Gram-positive infections	A.V. Dekhnich (Russia)
10.55-11.10	<i>Discussion</i>	
11.10-11.25	<i>Coffee break</i>	

Symposium: «Antimicrobial resistance control: what else can we propose?»		
<i>Co-chairs: O.N. Ershova, D. McIntosh, I.V. Sannikova</i>		
11.25-11.50	Infection control in ICU	O.N. Ershova (Russia)
11.50-12.35	Vaccines and antimicrobial resistance	D. McIntosh (UK)
12.35-13.00	Vaccination perspectives in the Russian Federation: a view of epidemiologist	I.V. Sannikova (Russia)
13.00-13.15	<i>Discussion</i>	
13.15-13.30	<i>Coffee break</i>	

Symposium: «Infections caused by multidrug-resistant, extremely drug-resistant, and pan-resistant bacteria: options other than antibiotics?»		
<i>Co-chairs: I.S. Azizov, V.A. Baturin, M.V. Edelstein</i>		
13.30-13.55	Clinical application of bacteriophages	A.V. Alyoshkin (Russia)
13.55-14.20	New promising directions to the treatment of infections	I.S. Azizov (Russia)
14.20-14.45	Infection control and antimicrobial stewardship in one hospital	E.E. Basin (Russia)
14.45-15.00	<i>Discussion</i>	
15.00-15.15	<i>Coffee break</i>	

Symposium: «Particular issues of antimicrobial use»		
<i>Co-chairs: A.V. Golub, N.A. Zubareva, E.V. Shchetinin</i>		
15.15-16:00	The latest news on urinary tract infections	K. Naber (Germany)
16.00-16.25	Secondary peritonitis: is it time to revise approaches to empiric antimicrobial therapy?	A.V. Golub (Russia)
16.25-16.50	Tertiary peritonitis in ICU patients	N.A. Zubareva (Russia)
16.50-17.15	Potential, limitations, and perspectives of the treatment of invasive candidiasis in neonatology	A.V. Veselov (Russia)
17.15-17.30	<i>Discussion</i>	

October 26 (Friday)

Symposium: «Ways to optimize antibiotic use»		
<i>Co-chairs: N.N. Klimko, V.A. Rudnov, V.V. Fisher</i>		
09.00-09.30	Sepsis in the Russian Federation: specific practical recommendations	V.A. Rudnov (Russia)
09.30-10.00	Ways to optimize antimicrobial therapy in ICU in the era of antimicrobial resistance	B.Z. Belotzerkovsky (Russia)
10.00-10.45	Infective endocarditis: from international guidelines to real clinical practice in the Russian Federation	D.A. Popov (Russia)
10.45-11.15	Antifungal therapy in the Russian Federation	N.N. Klimko (Russia)
11.15-11.30	<i>Discussion</i>	
11.30-12.00	<i>Coffee break</i>	

Symposium: «Community-acquired respiratory tract infections»		
<i>Co-chairs: D.Yu. Ruzanov, A.I. Sinopalnikov, O.U. Stetsiouk</i>		
12.00-12.30	Novel national clinical guidelines on the management of adult patients with community-acquired pneumonia	A.I. Sinopalnikov (Russia)
12.30-13.00	Ways to optimize antimicrobial use in COPD	S.A. Ratchina (Russia)
13.00-13.30	Acute respiratory tract infections: a view of pulmonologist	D.Yu. Ruzanov (Belarus)
13.30-14.00	Acute respiratory tract infections: a view of clinical pharmacologist	I.V. Andreeva (Russia)
14.00-14.15	<i>Discussion</i>	
14.15-14.45	<i>Coffee break</i>	

Symposium: «Infections in obstetrics and perinatal medicine»		
<i>Co-chairs: A.R. Melkumyan, T.V. Pripitnevich, S.V. Sekhin</i>		
14.45-15.15	Effective prevention and treatment of healthcare-associated infections in obstetric hospitals in the Russian Federation	T.V. Pripitnevich (Russia)
15.15-15.45	Planning, assessment, and result interpretation in the pharmacological and microbiological monitoring system in perinatal care institutions	L.A. Lyubasovskaya (Russia)
15.45-16.15	Rapid and high-precision diagnosis of infections in obstetrics and gynecology	A.R. Melkumyan (Russia)
16.15-16.45	Intrauterine infections: “terra incognita”	S.V. Sekhin (Russia)
16.45-17.15	Safety of antimicrobial use in pregnancy	O.U. Stetsiouk (Russia)
17.15-17.30	<i>Discussion</i>
